### **EXPERIENCE**

Place: Online store (<a href="https://homy.by/">https://homy.by/</a>);

**Position:** front-end developer assistant, intern;

Duration: 5 months (November 2021 - March 2022);

I learned:

- to typeset pages, forms;
- to arrange elements / blocks of elements on the page;
- how to style these elements (product cards, contact forms, buttons, lists and other HTML elements);
- · how to create element animations;
- how to adapt HTML pages;
- how to program buttons, forms;
- how to navigate the site;
- how to make tabs;
- · how to make modal windows;
- how to make sliders;
- to support sites;
- · to work with Git.

**Place:** Research Institute of Technical Information Protection (http://niitzi.by/);

Position: Intern C++ Developer;

Duration: 1 month (October 2021);

I did:

- studied IDE Qt Creator and MS-SQL;
- developed a course project on the subject of "databases" using C#.
